

## SOUTHERN'S NEW RULES.

### Travelling Freight Agents Appointed to Assist Patrons.

Following President Finley's plain talk to the representatives of the freight and passenger departments of the Southern Railway recently as to the proper treatment of the public by employees of the road, another step has been taken by that company in the direction of bringing about better relations with the people making shipments over its lines. Mr. A. H. Plant, comptroller of the company, announces that:

For the purpose of insuring promptness and justice to its patrons in respect to the handling of freights at local stations and the handling of loss, damage and overcharge freight claims occurring on freights received or shipped by its patrons, Southern Railway company has inaugurated and placed in service a corps of travelling freight claim agents, whose duty it will be to travel continuously the respective territories assigned to them, visiting at each station not only the local agent, but the company's patrons thereat with the following objects in view:

1. To secure the prompt handling and settlement of all fair and honest loss, damage and overcharge freight claims against the company.

2. To give assurance of this to the patrons of the company by prompt, courteous and efficient attention to their rights.

3. To prevent accumulations of freight claims and over and refused freights at stations and to reconcile as far and as promptly as possible all over freights with shortages.

4. To educate local agents to the highest degree of efficiency in treating with patrons in respect to their transactions with them both in respect to the handling of freights at their stations and the prompt payment or declaration of freight claims.

### DRAWING THE LINE.

"Art Master (who has sent for a cab, pointing to horse)—"What do you call that?"

Cabby—"An 'orse, sir."

### THREE BOYS HAD ECZEMA.

Were Treated at Dispensary—Did Not Improve—Suffered 5 Months—Perfect Cure by Cuticura.

"My three children had eczema for five months. A little sore would appear on the head and seemed very itchy, increasing day after day. The baby had had it about a week when the second boy took the disease and a few sores developed, then the third boy took it. For the first three months I took them to the N— Dispensary, but they did not seem to improve. Then used Cuticura, Soap and Cuticura Ointment, and in a few weeks they had improved, and when their heads were well you could see nothing of the sores. Mrs. Kate Keim, 513 West 20th St., New York, N. Y., Nov. 1, 5, and 7, 1906."

Many a man's principles are sound; in fact, nothing but sound.

### Stood the Test.

Alcock's Plasters have successfully stood the test of sixty years' use by the public; their virtues have never been equalled by the unscrupulous imitators who have sought to trade upon the reputation of Alcock's by making plasters with holes in them, and claiming them to be "just as good as Alcock's."

Alcock's Plasters stand to-day indorsed by not only the highest medical authorities, but by millions of grateful patients who have proved their efficacy as a household remedy.

Chickens come home to roost, provided your neighbors cannot catch them first.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. ### The Value and Importance of Ethical Remedies.

Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

### Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

# For Girls & Women

## You Need Cardui

At every age, after entering womanhood, girls and women need the strengthening, building, pain-relieving assistance of Wine of Cardui. It will carry you over the rough places, ease your hard days and increase the comfort and pleasure of living.

What its millions of users think of it, is well expressed in these words of Mrs. Rosa Lee Cole, of Smithton, Mo., who writes: "I suffered from female troubles for 7 years. I had pain, low down in my stomach, my feet hurt so I could not stand, and I was so weak and nervous I could hardly do anything. I was just sick all the time. At last I wrote you for advice and you recommended Wine of Cardui, which I took according to your directions. I have now taken

5 bottles of Wine of Cardui, and am feeling better than in the past 7 years. My feet and stomach do not hurt, my female troubles have gone, I am getting stouter and stronger, can do all my housework, work in the garden and tend to 260 little chickens."

Wine of Cardui acts directly upon the sick or disordered womanly organs or functions. It is a natural, scientific, female tonic. It contains no dangerous minerals, or other deleterious ingredients, but is purely vegetable, perfectly harmless and beneficial to young and old.

Every reliable druggist sells it, in \$1 bottles. Try it.

The Havana Central Railway. The Havana Central Railway Company has constructed line from Havana to Guanajay in the province of Pinar del Rio, a distance of about twenty-seven miles, the motive power being electricity. It was opened for freight and passenger traffic in November last. The same company has a line under construction from Havana to Guines, thirty-seven miles, also to be worked by electricity. Both these lines tap districts rich in fruits and vegetables.—The Engineer.

### Idols at a Discount.

There was a time when missionaries were blamed for venturing to say anything disrespectful against the idols of China, and when we have heard some of them preach we must say that, in the main, they have been very tactful in their dealings with these things, but the Chinese themselves are now holding the whole system up to ridicule.—Shanghai Herald.
